

AMBAU GmbH strongly extends its range of services in Cuxhaven

Acquisition of Cuxhaven Steel Contraction GmbH's (CSC) production facility

With effect from 12 October 2016 former assembly facility including the storage areas linked to the facility as well as operation of the related harbor basis passed from Cuxhaven Steel Construction GmbH to AMBAU GmbH.

The so called „blue hall“, located in the immediate neighbourhood of AMBAU's existing facility at Hermann-Honnet-Straße in Cuxhaven, has already been used as capacity extension on a rental basis for some time now. Thus, its usage possibilities are very well-known.

Currently, the assembly facility is converted into an efficient, semi-automatic paint factory including final equipment of tubular steel towers, offshore foundations and other large components. AMBAU's facility existing since 2008 will focus on the “black” production. This means that AMBAU will almost treble its capacities in Cuxhaven.

Introducing such high amount of production capacities consisting of approximately 200.000 m² storage area, AMBAU-owned quayside

Die AMBAU GmbH betreibt fünf Fertigungsstandorte und beschäftigt über 750 Mitarbeiter. Die AMBAU-Unternehmensgruppe besteht heute aus der AMBAU GmbH, der Beteiligung AMBAU Windservice GmbH und der nahestehenden AMBAU Personalservice GmbH.

Das Produktportfolio der AMBAU GmbH reicht von Stahlrohtürmen für Onshore-Windenergieanlagen bis hin zu den großen Offshore-Türmen für 5-Megawatt plus-Anlagen.

Darüber hinaus enthält die Angebotspalette Offshore-Fundamente wie Monopiles, Transition Pieces, Jacket-Piles, Rohrkomponenten und Secondary Steel.

Die Bedeutung Erneuerbarer Energien wird weiter wachsen. Die AMBAU GmbH ist mit effizient vernetzten Werken in Gräfenhainichen, Am Mellensee, Dessau sowie Cuxhaven und damit verbundenen hohen Fertigungskapazitäten auf diesen Wachstumsmarkt bestens vorbereitet.
